SECTION 1 – BACKGROUND

A. Introduction.

Maryland is a leader among states in health reform implementation and establishment of its Health Benefit Exchange. On April 12, 2011, Governor O'Malley signed into law the Maryland Health Benefit Exchange Act (Act) that established the Maryland Health Benefit Exchange (Exchange) as a public corporation and an independent unit of State government. In June 2011, the Board of Trustees (Board) was formally appointed and has been actively engaged in implementation activities. On August 12, 2011, Maryland was awarded a Level One Establishment Grant to support implementation of the Exchange, which will include initial administration of the Exchange, analytic support for policy development and operational changes.

Numerous policy, operational, and implementation decisions still have to be made. The purpose of this RFP is to engage a contractor to build an analytic model to project enrollment estimates for the Exchange that will inform the decisions of the Exchange Board. This model will use available data to develop an enrollment model that can provide a baseline estimate and can be modified to support the future decision-making of the Exchange Board and Maryland policymakers. This study will build the analytic capacity of the Exchange to understand key policy and operational assumptions that drive enrollment trends, the potential enrollment in the Exchange and the shifts in coverage from other markets; and the characteristics of individuals who are likely to enroll in the Exchange.

B. Background.

The enrollment model is expected to be based on available data and should build on several prior analytic reports.

Maryland policy makers drew upon existing data sets to provide a financial model for assessing the impact of the ACA on the state budget. The State's model projected total cumulative savings for fiscal years (FYs) 2011 to 2020 to be \$853 million.¹ In addition, the Health Care Reform Coordinating Council (HCRCC) projected reductions in the number of uninsured Marylanders. When the ACA is fully implemented, Maryland's uninsured rate is estimated to be cut by more than half.² The HCRCC estimated that approximately 180,000 Marylanders will likely be eligible for a federal subsidy to purchase an exchange product.³

¹ Health Care Reform Coordinating Council. (2010, July). *Interim report - Appendix F: MD Health Care Reform financial modeling tool: Detailed analysis and methodology*. From <http://healthreform.maryland.gov/documents/100726appendixf.pdf>. The original estimate was \$829 million. Subsequently this was updated to reflect more current information.

The Maryland Health Care Commission (MHCC) biennially produces *Health Insurance Coverage in Maryland*.⁴ This report analyzes Current Population Survey data to provide insight on Maryland's uninsured and includes information on age, income, employment, race, education, and citizenship. From this report we know that 13% of Maryland's population was uninsured in 2008-2009, the most recent time period for which data are available. This rate is slightly higher—14.5%—for the State's population under age 65. Maryland compares favorably to the national uninsurance rate, which is 17% for the overall population, and 19% for the population under age 65.⁵ Still, the report found that 720,000 Marylanders lacked coverage in 2008-2009.

The MHCC biennially produces *MEPS-IC Medical Expenditure Panel Survey – Insurance Component MARYLAND SAMPLE*.⁶ The report provides data on the establishments in Maryland that offer health insurance and the employees in these establishments who are eligible and enrolled by selected employer (e.g., firm size, industry grouping) and workforce (e.g., full-time) characteristics. The report also provides information on premiums and employee contributions and details the volume and types of employees who lack access to health insurance through private-sector employers in Maryland. Information provided in this report is based on an analysis of the Maryland Sample from the MEPS-IC survey, an annual, national survey of business establishments (locations) conducted by the United States Census Bureau for the Agency for Healthcare Research and Quality. The data in this report are derived mainly from the Medical Expenditure Panel Survey (MEPS), Insurance Component (IC). The MEPS-IC is an annual, national survey of business establishments (locations) and governments conducted by the United States Census Bureau for the Agency for Healthcare Quality and Research (AHRQ). The MEPS-IC data included in this report derives mainly from the 2010 Maryland sample. Additionally, this report includes selected data from *Health Insurance Coverage in Maryland Through 2009*, a report produced by the Commission in 2011 from the Census Bureau's Current Population Survey (CPS), Annual Social and Economic (ASEC) Supplements.

Each calendar year the MHCC creates the Maryland Medical Care Database (MCDB) according to Maryland regulation COMAR 10.25.06.01B. These data contain all fee-for-service claims and managed care encounters for Maryland residents in a private health plan. Primarily, this database has three main components: a medical services file, a Medicare file, and a prescription drug file. The Maryland MCDB contains consider information on the insurance product through which care was provided. For example, insurance coverage can be differentiated by whether it was provided via the Maryland Health Insurance Program (MHIP), Comprehensive Standard Health Benefit Plan (CSHBP) or large group market products (fully insured or self-insured). The data elements collected are available at http://mhcc.maryland.gov/payercompliance/datsubman2010_20110405.pdf

The MHCC engaged a contractor to assess the potential impact of health reform on the individual and small group markets. This [study](#)⁷ provided a static baseline analysis that attempts to quantify the impact of insurance reforms on grown premiums in the existing markets if there were no other incentives or market stabilizers/risk mitigation mechanisms.

C. Contractor Responsibilities.

The Exchange Board seeks a Contractor to provide analytic support as the Exchange moves towards implementation. The Contractor selected through this RFP process will support the Exchange by developing a model for estimating the potential enrollment in the Exchange and the impact of implementation decisions.

The anticipated period of performance is December 01, 2011 through August 01, 2012.

The Exchange intends to make a single award to the Offeror whose proposal is deemed to be the most advantageous to the State. Offerors, either directly or through their sub-contractor(s), must be able to provide all services and meet all of the requirements requested in this solicitation.

SECTION 2 – SCOPE OF WORK

A. Scope of Assistance.

This RFP seeks to build the analytic capacity of the Exchange Board and Staff to understand key policy, economic, and operational assumptions that:

- drive participation in public, individual, and employer-sponsored insurance coverage,
- affect enrollment in the Exchange, and
- impact enrollment in insurance products outside of the Exchange.

The Exchange Board and Staff expects that the analytic capacity sought through this contract would support analyses of aggregate take-up and costs and more detailed analysis of the economic and demographic characteristics of the of individuals who are likely to enroll in the Exchange.

This study will use available data to develop a dynamic enrollment model that can provide a baseline estimate and can be modified to support the future decision-making of the Exchange Board and Maryland policymakers. The contractor will be expected to work with the Exchange staff to develop a robust analytic methodology, which will be handed off to the Exchange staff to support future projections. The contractor will also be expected to make recommendations on future enhancements to the model when more is known about federal and State policy decisions. The analysis must be capable of estimating potential enrollment through the Exchange through the year 2017 at a minimum, including, but not limited to:

1. Project enrollment estimates based on assumptions that drive low, medium, and high Exchange enrollment. The low, medium, and high Exchange enrollment should at least include the effects of changes in general economic conditions, employers' behaviors regarding offers of employer sponsored insurance (ESI) coverage, and federal penalties for not offering ESI coverage in firms of different sizes. The enrollment projections should also be responsive to insurance premiums, income, and other relevant variables.
2. The model should include other factors, such as the effects of "individual mandate" on employees' take-up of ESI and individuals' take-up of insurance coverage through the Exchange.
3. In projecting the exchange enrollment, the model should also include projections of individuals who will remain uninsured after implementation of the health care reform through calendar year 2017.
4. The model should incorporate data on the number of uninsured Marylanders by age and poverty status, obtained from various sources (to be defined in the offerors' proposal). If feasible, the model should also include data on poverty status of people with coverage through the individual and small group insurance markets, who may become eligible for federal premium subsidies.

5. Annual estimated coverage trends from pre-reform baseline through Exchange start-up. The model should also forecast estimates of enrollment and changes in enrollment for Medicare, Medicaid, Exchange w/Subsidy, Exchange w/out subsidy, ESI in Exchange, ESI outside Exchange, and Individual market outside Exchange.
6. Key policy and operational assumptions that drive enrollment trends.
7. Shifts in coverage and differential affects by socio-economic and demographic factors
8. Characteristics of individuals who are likely to enroll in the Exchange.
9. Characteristics of individuals likely to enroll at different actuarial levels.

B. Deliverables.

1. Final Work Plan: The Offeror selected shall propose a work plan that sets forth the methodology to be used, data sources to be obtained, and a timeline for completing the deliverables, including opportunities for appropriate input from the Exchange staff, Board, and stakeholders. The work plan should propose how to organize the issues to be addressed in the deliverables to efficiently and effectively address all of the study questions identified in Section 2(A), as well as any other study questions the Offeror determines, in its professional judgment, are necessary for consideration.
2. Methodology: The Offeror selected shall develop a detailed description of their proposed methodology. The offeror shall identify all data sources to be used, including proprietary and public sources. The cost of any data acquisitions that the Offeror expects to the State to absorb shall be described and justified in the methodology and reflected in the financial estimate. The methodology should describe all economic assumptions such as the changes the economy, age of population and overall health care trends that are included in the model. The Offeror shall describe the approach for correcting survey data for non-reporting of income and public insurance coverage, and for aging demographic and economic data to reflect a future year. The Offeror shall describe sensitivity analyses that will be conducted to confirm the reasonableness of their estimates.
3. Reports on Enrollment Estimates: The offeror shall complete 2 reports under this contract. The first is a detailed policy report for the Exchange Board, Staff, other policymakers, and stakeholders involved in the implementation of the Exchange. This report should describe the methodology, assumptions and limitations of the analysis sufficiently so that it is understandable to a broad audience of different stakeholders involved in the implementation of the Exchange.

For the second report, the Offeror shall develop an Issue Brief that summarizes the enrollment projections and recommendations from the detailed report in layperson's language in chart book-like format.

4. Enrollment Take-Up Model: The Offeror selected shall develop and provide to the Exchange the analytic tools used to develop enrollment estimates and analysis of issues. This includes all background data sheets, assumptions sheet, front end input of policy and operational decisions, computer code, and any other information necessary for the Exchange staff to independently use this model to make future enrollment projections.

The take-up model shall become the sole property of the Exchange upon termination of the contract.

The analytic model shall minimally offer the flexibility to:

- update an existing data source with a more current year of data,
 - modify income eligibility thresholds for federal subsidies (to accommodate options such as implementation of the Basic Health Plan), and
 - modify assumptions regarding take-up, such as the price of the insurance products offered in the Exchange and preferences for coverage for that have been demonstrated by age and health status
5. User Guide and Training: The Offeror selected shall develop a user guide and training plan so that Exchange staff can be trained to use the model independently to make future estimates.
6. Report on Recommendations for Future Model: The Offeror selected shall develop recommendations on future enhancements to the enrollment model to improve the Exchange's ability to make accurate enrollment projections.

During the term of the contract, travel to Annapolis, Maryland and provide testimony to the General Assembly, its legislative committees, or other entities during the regular 2012 session and any applicable special session(s), as requested by the contract monitor. The items required to be provided shall be delivered in accordance with the following schedule:

Project Start Date	Immediately after the Notice to Proceed is issued
Work Plan	7 calendar days from the date that the Notice to Proceed is issued

These updates shall be provided through written status reports and/or discussions. Discussions may be held either in person or by telephone, at the mutual convenience of both parties.

Each invoice for services rendered must include the Contractor's Federal Tax Identification Number which is _____. Charges for late payment of invoices other than as prescribed by Md. Code Ann., State Finance and Procurement Article, Title 15, Subtitle 1, are prohibited. Invoices shall be submitted to the Contract Monitor. Electronic funds transfer shall be used by the Exchange to pay Contractor pursuant to this Contract and any other Exchange payments due Contractor unless the State Comptroller's Office grants Contractor an exemption.
- C. In addition to any other available remedies, if, in the opinion of the Procurement Officer, the Contractor fails to perform in a satisfactory and timely manner, the Procurement Officer may refuse or limit approval of any invoice for payment, and may cause payments to the Contractor to be reduced or withheld until such time as the Contractor meets performance standards as established by the Procurement Officer.

4. Rights to Records

- A. The Contractor agrees that all documents and materials including but not limited to, software, reports, drawings, studies, specifications, estimates, tests, maps, photographs, designs, graphics, mechanical, artwork, computations and data prepared by the

Contractor, for purposes of this Contract shall be the sole property of the Exchange and shall be available to the Exchange at any time. The Exchange shall have the right to use the same without restriction and without compensation to the Contractor other than that specifically provided by this Contract.

- B. The Contractor agrees that at all times during the term of this Contract and thereafter, all those documents, materials and other deliverables created or developed by Contractor specifically and exclusively for the Exchange pursuant to the Contract will be considered the sole property of the Exchange or “work made for hire” as that term is interpreted under U.S. copyright law and exclusively owned by the Exchange (collectively, “Work”).
 - C. To the extent that any products created as a deliverable under this Contract are not Work, the Contractor hereby relinquishes, transfers, and assigns to the Exchange all of its rights, title, and interest (including all intellectual property rights) to all such products created under this Contract, and will cooperate reasonably with the Exchange in effectuating and registering any necessary assignments.
 - D. The Contractor shall report to the Exchange, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all data delivered under this Contract.
 - E. The Contractor shall not affix any restrictive markings upon any data, documentation, or other materials provided to the Exchange hereunder and if such markings are affixed, the Exchange shall have the right at any time to modify, remove, obliterate, or ignore such warnings.
- 5. Exclusive Use.** The Exchange shall have the exclusive right to use, duplicate, and disclose any data, information, documents, records, or results, in whole or in part, in any manner for any purpose whatsoever, that may be created or generated by the Contractor in connection with this Contract. If any material, including software, is capable of being copyrighted, the Exchange shall be the copyright owner and Contractor may copyright material connected with this project only with the express written approval of the Exchange.

6. Patents, Copyrights, Intellectual Property

- A. If the Contractor furnishes any design, device, material, process, or other item, which is covered by a patent, trademark or service mark, or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to permit the Exchange to use such item or items.
- B. The Contractor will defend or settle, at its own expense, any claim or suit against the Exchange alleging that any such item furnished by the Contractor infringes any patent, trademark, service mark, copyright, or trade secret; provided, however, that Contractor’s indemnity obligations under this Section should not apply to any claim for infringement or misappropriation of intellectual property rights to the extent any such infringement or misappropriation is caused by: (i) information or materials provided by the Exchange or a third party other than Contractor’s subcontractors, if any, (ii) modifications made by the Exchange or a third party other than Contractor’s subcontractors to Services, Work or

Contractor's other materials provided to the Exchange in connection with the Services, or any parts, thereof, or (iii) the Exchange's use of Services, Work or such other materials or any parts thereof, in a manner inconsistent with the terms of the Contract. If a third party claims that a product infringes that party's patent, trademark, service mark, trade secret, or copyright, the Contractor will defend the Exchange against that claim at Contractor's expense and will pay all damages, costs and attorney fees that a court finally awards, provided the Exchange (i) promptly notifies the Contractor in writing of the claim; and (ii) allows Contractor to control and cooperates with Contractor in, the defense and any related settlement negotiations. The obligations of this paragraph are in addition to those stated in Section 6(C) below.

- C. If any products furnished by the Contractor become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement, the Contractor will, at its option and expense: (a) procure for the Exchange the right to continue using the applicable item, (b) replace the product with a non-infringing product substantially complying with the item's specifications, or (c) modify the item so that it becomes non-infringing and performs in a substantially similar manner to the original item.

- 7. Confidentiality.** Subject to the Maryland Public Information Act and any other applicable laws, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor's computer systems) shall be held in absolute confidence by the other party. Each party shall, however, be permitted to disclose relevant confidential information to its officers, agents and employees to the extent that such disclosure is necessary for the performance of their duties under this Contract, provided that the data may be collected, used, disclosed, stored and disseminated only as provided by and consistent with the law. The provisions of this section shall not apply to information that (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Contract; (c) was already in the possession of such party, (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information or (e) which such party is required to disclose by law.

8. Indemnification

- A. The Contractor shall hold harmless and indemnify the Exchange from and against any and all losses, damages, claims, suits, actions, liabilities and/or expenses, including, without limitation, attorneys' fees and disbursements of any character that arise from, are in connection with or are attributable to the performance or nonperformance of the Contractor or its subcontractors under this Contract. Notwithstanding the foregoing, the Contractor has no obligation to hold harmless and indemnify the Exchange under this Section 8(a) based solely on a public policy recommendation made by the Contractor to the Exchange or on a public policy recommendation made by the Exchange to the Maryland General Assembly.
- B. The Exchange has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought by

any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract.

- C. The Exchange has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract. The Exchange shall not assume any obligation to indemnify, hold harmless, or pay attorney's fees that may arise from or in any way be associated with the performance or operation of this Contract.
- D. The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from, or relating to, the Contractor's obligations under the Agreement, and will cooperate, assist and consult with the Exchange in the defense or investigation of any claim, suit, or action made or filed against the Exchange as a result of, or relating to, the Contractor's performance under this Contract.

9. **Non-Hiring of Employees.** No employee of the Exchange or of the State of Maryland, or any department, commission, agency, branch or unit thereof, whose employee duties include matters relating to or affecting the subject matter of this Contract, shall, while so employed, become or be an employee of the party or parties hereby contracting with the Exchange.

10. Disputes.

- A. As used herein, a "claim" means a written demand or assertion by one of the parties seeking, as a legal right, the payment of money, adjustment, or interpretation of contract terms, or other relief, arising under or relating to this contract. A voucher, invoice, or request for payment that is not in dispute when submitted is not a claim. However, if the submission subsequently is not acted upon in a reasonable time, or is disputed as to liability or amount, it may be converted to claim for the purpose of this clause.
- B. Within thirty (30) days of when the Contractor knows or should have known of the basis for a claim relating to the Contract, it shall file a written notice of claim on its letterhead to the procurement officer. Contemporaneously with, or within sixty (60) days after filing the notice of claim, the Contractor shall submit the written claim to the procurement officer. The procurement officer shall issue a final, written decision on the claim as expeditiously as possible. Any final decision of the procurement officer may award a Contract claim only for those expenses incurred not more than thirty (30) days before the contractor initially filed its notice of claim.
- C. If the final decision of the procurement officer grants the claim in part and denies the claim in part, the Exchange shall pay the Contractor the undisputed amount. Payment of the partial claim will not be construed as an admission of liability by the Exchange and does not preclude the Exchange from recovering the amount paid if a subsequent determination modifies the final decision.
- D. Within thirty (30) days of receipt of the final decision of the procurement officer, the Contractor may file an appeal to the Executive Director of the Exchange for claims for monetary amounts up to \$75,000 and to the Board of Trustees for either claims for

monetary amounts over \$75,000 or for claims involving non-monetary relief. If submitted to the Executive Director, a final decision resolving the appeal will be issued by the Executive Director. If submitted to the Board of Trustees, the Board of Trustees may determine that a hearing would assist in the resolution of any appeal. The Board of Trustees may elect to hold the hearing itself or may refer the matter for a hearing to a panel consisting of two or more members of the Board of Trustees or may refer the matter to a neutral decision maker. A final decision resolving the appeal will be issued by a vote of the Board of Trustees. The Contractor's timely appeal to the Executive Director or the Board of Trustees shall be a strict condition precedent to the Contractor pursuing any legal rights which it alleges or which may exist in any other forum.

- E. Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the procurement officer's decision.
- F. Nothing in this section shall be construed to limit the Exchange's right to withhold payments from the Contractor, assess liquidated damages against the Contractor, direct the Contractor to perform pursuant to the terms of the Contract or any written change order, or to exercise any other rights allowed by Contract or at law.

11. **Maryland Law.** This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.

12. **Nondiscrimination in Employment.** The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, marital status, national origin, ancestry, or disability of a qualified individual with a disability; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

13. **Contingent Fee Prohibition.** The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the Contractor, to solicit or secure this Contract, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or other consideration contingent on the making of this Contract. For breach or violation of this warranty, the Exchange may terminate this Contract without liability, or deduct from the contract price or consideration or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

14. **Termination for Cause.**

- A. If the Contractor fails to fulfill its obligations under this Contract properly and on time, the Exchange shall notify the Contractor in writing of such failure and the Contractor shall have the right to cure any alleged breach of its obligations under the Contract within the time specified in the notice from the Exchange. If the Contractor is unable to cure such breach during the specified time, the Exchange may terminate

the Agreement by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. Notwithstanding the foregoing, if the Contractor violates any provision of the Contract, the Exchange may terminate the Contract by written notice to the Contractor.

B. If the Exchange fails to fulfill its obligations under this Contract properly and on time, the Contractor shall notify the Exchange in writing of such failure and the Exchange shall the right to cure any alleged breach of its obligations under the Contract. If the Exchange is unable to cure any such alleged breach, the Contractor may terminate the Contract by written notice to the Exchange.

C. If this Contract is terminated under Section 14(A) or (B), (a) all finished or unfinished work provided by the Contractor shall, at the Exchange's option, become the Exchange's property but shall be provided on an "AS IS" basis, (b) the Contractor shall have no liability from the use of any such unfinished work, (c) the Exchange shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach, and (d) if the damages are more than the compensation payable to the Contractor, the Contractor shall remain liable after termination of this Contract and the Exchange shall be entitled to collect all appropriate damages from Contractor.

15. Termination for Convenience. The performance of work under this Contract may be terminated by the Exchange upon 30 days written notice to the Contractor by certified mail to the Contractor's principal office, or from time to time in part, whenever the Exchange shall determine that such termination is in the Exchange's best interest. The Exchange will pay all reasonable and verifiable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable and verifiable costs associated with termination of the Contract; provided, however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination.

16. Suspension of Work. The Exchange unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Exchange may determine to be appropriate for the Exchange's convenience.

17. Financial Disclosure. The Contractor shall comply with the provisions of Md. Code Ann., State Finance and Procurement Article, §13-221, which requires that every person that enters into contracts, leases, or other agreements with the State or its agencies during a calendar year under which the business is to receive in the aggregate, \$100,000 or more, shall within 30 days of the time when the aggregate value of these contracts, leases or other agreements reaches \$100,000, file with the Secretary of the State certain specified information to include disclosure of beneficial ownership of the business.

18. Documents Retention and Inspection Clause. The Contractor and sub-contractors shall retain and maintain all records and documents relating to this contract for a period of five (5) years after final payment by the Exchange hereunder or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized

representatives of the Exchange, including the procurement officer or designee, at all reasonable times.

19. Compliance with Laws. The Contractor hereby represents and warrants that:

- A. It is qualified to do business in the State of Maryland and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
- B. It is not in arrears with respect to the payment of any monies due and owing the State of Maryland, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;
- C. It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
- D. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

20. Assignment. This Contract shall not be assigned by either contracting party without the prior written consent of the other party.

21. Liability. For breach of this Contract, negligence, misrepresentation or any other contract or tort claim, Contractor shall be liable as follows:

- A. For infringement of patents, copyrights, trademarks, service marks and/or trade secrets, as provided in Section 6 of this Contract;
- B. Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property;
- C. For all other claims, damages, losses, costs, expenses, suits or actions in any way related to this Contract, regardless of the form, Contractor's liability shall be limited to three (3) times the total dollar amount of the Agreement value up to the date of settlement or final award of any such claim. Third party claims, arising under Section 8, "Indemnification", of this Contract, are included in this limitation of liability only if the Exchange is immune from liability. Contractor's liability for third party claims arising under Section 6 of this Contract shall be unlimited if the Exchange is not immune from liability for claims arising under Section 6.

22. Prompt Pay Requirements

- A. If the Contractor withholds payment of an undisputed amount to its subcontractor, the Exchange, at its option and in its sole discretion, may take one or more of the following actions:
 - i. Not process further payments to the contractor until payment to the subcontractor is verified;

- ii. Suspend all or some of the contract work without affecting the completion date(s) for the contract work;
 - iii. Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due;
 - iv. Place a payment for an undisputed amount in an interest-bearing escrow account; or
 - v. Take other or further actions as appropriate to resolve the withheld payment.
- B. An “undisputed amount” means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such “undisputed amounts” include, without limitation: (i) retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and (ii) in amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.
- C. An act, failure to act, or decision of a Procurement Officer or a representative of the Exchange, concerning a withheld payment between the Contractor and a subcontractor under this provision, may not (i) affect the rights of the contracting parties under any other provision of law; (ii) be used as evidence on the merits of a dispute between the Exchange and the contractor in any other proceeding; or (iii) result in liability against or prejudice the rights of the Exchange.
- D. The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the Minority Business Enterprise (“MBE”) program.
- E. To ensure compliance with certified MBE subcontract participation goals, if greater than 0%, the Exchange may, consistent with COMAR 21.11.03.13, take the following measures:
 - i. Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule. This verification may include, as appropriate: (a) Inspecting any relevant records of the Contractor; (b) Inspecting the jobsite; and (c) interviewing subcontractors and workers. Verification shall include a review of: (x) the Contractor’s monthly report listing unpaid invoices over 30 days old from certified MBE subcontractors and the reason for nonpayment; and (y) the monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding 30 days and invoices for which the subcontractor has not been paid.
 - ii. If the Exchange determines that the Contractor is in noncompliance with certified MBE participation goals, then the Exchange will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited

to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.

- iii. If the Exchange determines that the Contractor is in material noncompliance with MBE contract provisions and refuses or fails to take the corrective action that the Exchange requires, the Exchange may then: (a) terminate the contract; (b) refer the matter to the Office of the Attorney General for appropriate action; or (c) initiate any other specific remedy identified by the contract, including the contractual remedies required by this Directive regarding the payment of undisputed amounts.
- iv. Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

23. Federal Department of Health and Human Services (DHHS) Exclusion Requirements.

The Contractor agrees that it will comply with federal provisions (pursuant to §§1128 and 1156 of the Social Security Act and 42 CFR § 1001) that prohibit payments under certain federal health care programs to any individual or entity that is on the List of Excluded Individuals/Entities (LEIE) maintained by DHHS. By executing this Contract, the Contractor affirmatively declares that neither it nor any employee is, to the best of its knowledge, subject to exclusion. The Contractor agrees, further, during the term of this contract, to check the LEIE prior to hiring or assigning individuals to work on this contract, and to notify the Exchange immediately of any identification of the contractor or an individual employee as excluded, and of any DHHS action or proposed action to exclude the contractor or any contractor employee.

24. Legality; Severability. In the event that any part or portion of these Mandatory Contract Provisions shall be deemed by appropriate judicial or regulatory authority to be void, to be voidable, unenforceable, or contrary to applicable statutory or regulatory authority, or if any provision shall have been omitted contrary to the requirements of such law, then all other provisions hereof shall be unaffected thereby and shall remain in full force and effect. In such an event, if one party requests the other party, both parties shall endeavor to agree to such substitute language to the Mandatory Contract Provisions as shall best evidence their original intent hereunder, if there is no material harm thereby caused to the other party, and as shall best comply with all applicable requirements of law.

25. Maryland's Public Information Act. The Agreement is subject to Maryland's Public Information Act. Md. Ann. Code § 10-611 et seq.

IN WITNESS THEREOF, the parties have executed this Contract as of the date hereinabove set forth.

ATTACHMENT B – FEDERAL FUNDS REQUIREMENTS AND CERTIFICATIONS

A Summary of Certain Federal Fund Requirements and Restrictions

1. Form and rule enclosed: 18 U.S.C. 1913 and section 1352 of P.L. 101-121 require that all *prospective* and present subgrantees (this includes all levels of funding) who receive more than \$100,000 in federal funds must submit the form “Certification Against Lobbying”. It assures, generally, that recipients will not lobby federal entities with federal funds, and that, as is required, they will disclose other lobbying on form SF- LLL.
2. Form and instructions enclosed: “Form LLL, Disclosure of Lobbying Activities” must be submitted by those receiving more than \$100,000 in federal funds, to disclose any lobbying of federal entities (a) with profits from federal contracts or (b) funded with nonfederal funds.
3. Form and summary of Act enclosed: Subrecipients of federal funds on any level must complete a “Certification Regarding Environmental Tobacco Smoke, required by Public Law 103-227, the Pro-Children Act of 1994. Such law prohibits smoking in any portion of any indoor facility owned or leased or contracted for regular provision of health, day care, early childhood development, education, or library services for children under the age of 18. Such language must be included in the conditions of award (they are included in the certification, which may be part of such conditions.) This does not apply to those solely receiving Medicaid or Medicare, or facilities where WIC coupons are redeemed.
4. In addition, federal law requires that:
 - A) OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations requires that grantees (both recipients and subrecipients) which expend a total of \$500,000 or more in federal assistance shall have a single or program-specific audit conducted for that year in accordance with the provisions of the Single Audit Act of 1984, P.L. 98-502, and the Single Audit Act of 1996, P.L. 104-156, and the Office of Management and Budget (OBM) Circular A-133. All subgrantee audit reports, performed in compliance with the aforementioned Circular shall be forwarded within 30 days of report issuance to the DHMH, Audit Division, 605 S. Chapel Gate Lane, Old School Building, Baltimore, MD 21229.
 - B) All subrecipients of federal funds comply with Sections 503 and 504 of the Rehabilitation Act of 1973, the conditions of which are summarized in item (C).
 - C) Recipients of \$10,000 or more (on any level) must include in their contract language the requirements of Sections 503 (language specified) and 504 referenced in item (B).

Section 503 of the Rehabilitation Act of 1973, as amended, requires recipients to take affirmative action to employ and advance in employment qualified disabled people. An affirmative action program must be prepared and maintained by all contractors with 50 or more employees and one or more federal contracts of \$50,000 or more.

This clause must appear in subcontracts of \$10,000 or more:

- a) The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for

which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

- b) The contractor agrees to comply with the rules, regulations, and relevant orders of the secretary of labor issued pursuant to the act.
- c) In the event of the contractor's non-compliance with the requirements of this clause, actions for non-compliance may be taken in accordance with the rules, regulations and relevant orders of the secretary of labor issued pursuant to the act.
- d) The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the director, provided by or through the contracting office. Such notices shall state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.
- e) The contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Section 503 of the Rehabilitation Act of 1973, and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.
- f) The contractor will include the provisions of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the [federal] secretary issued pursuant to section 503 of the Act, so that such provisions will be binding upon each subcontractor vendor. The contractor will take such action with respect to any subcontract or purchase order as the director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for non-compliance.

Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Sec. 791 et seq.) prohibits discrimination on the basis of handicap in all federally assisted programs and activities. It requires the analysis and making of any changes needed in three general areas of operation- programs, activities, and facilities and employment. It states, among other things, that:

Grantees that provide health... services should undertake tasks such as ensuring emergency treatment for the hearing impaired and making certain that persons with impaired sensory or speaking skills are not denied effective notice with regard to benefits, services, and waivers of rights or consents to treatments.

- D) All subrecipients comply with Title VI of the Civil Rights Act of 1964, that they must not discriminate in participation by race, color, or national origin.
- E) All subrecipients of federal funds from SAMHSA (Substance Abuse and Mental Health Services Administration) or NIH (National Institute of Health) are prohibited from

paying any direct salary at a rate in excess of Executive Level 1 per year. (This includes, but is not limited to, subrecipients of the Substance Abuse Prevention and Treatment and the Community Mental Health Block Grants and NIH research grants.)

- F) There may be no discrimination on the basis of age, according to the requirements of the Age Discrimination Act of 1975.
- G) For any education program, as required by Title IX of the Education Amendments of 1972, there may be no discrimination on the basis of sex.
- H) For research projects, a form for Protection of Human Subjects (Assurance/ Certification/ Declaration) should be completed by each level funded, assuring that either: (1) there are no human subjects involved, or that (2) an Institutional Review Board (IRB) has given its formal approval before human subjects are involved in research. [This is normally done during the application process rather than after the award is made, as with other assurances and certifications.]
- I) In addition, there are conditions, requirements, and restrictions which apply only to specific sources of federal funding. These should be included in your grant/contract documents when applicable.

Rev. 3/2008

CERTIFICATION REGARDING ENVIRONMENTAL SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source or applicable Federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing this certification, the offeror/contractor (for acquisitions) or applicant/grantee (for grants) certifies that the submitting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The submitting organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all subrecipients shall certify accordingly.

Code of Maryland Regulations (COMAR)

Title 21, State Procurement Regulations

(regarding a waiver to a Minority Business Enterprise subcontracting goal)

COMAR 21.11.03.11 - Waiver.

- A. If, for any reason, the apparent successful bidder or offeror is unable to achieve the contract goal for certified MBE participation, the bidder or offeror may request, in writing, a waiver to include the following:
- (1) A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBEs in order to increase the likelihood of achieving the stated goal;
 - (2) A detailed statement of the efforts made to contact and negotiate with certified MBEs including:
 - (a) The names, addresses, dates, and telephone numbers of certified MBEs contacted, and
 - (b) A description of the information provided to certified MBEs regarding the plans, specifications, and anticipated time schedule for portions of the work to be performed;
 - (3) As to each certified MBE that placed a subcontract quotation or offer that the apparent successful bidder or offeror considers not to be acceptable, a detailed statement of the reasons for this conclusion;
 - (4) A list of minority subcontractors found to be unavailable. This list should be accompanied by an MBE unavailability certification (MBE Attachment E6) signed by the minority business enterprise, or a statement from the apparent successful bidder or offeror that the minority business refused to give the written certification: and
 - (5) The record of the apparent successful bidder or offeror's compliance with the outreach efforts required under Regulation .09B(2)(b).
- A waiver may only be granted upon a reasonable demonstration by that MBE participation could not be obtained or could not be obtained at a reasonable price.
- If the waiver request is determined not to meet this standard, the bidder or offeror will be found non-responsive (bid) or not reasonably susceptible for award (proposal) and removed from further consideration.
- B. A waiver of a certified MBE contract goal may be granted only upon reasonable demonstration by the bidder or offeror that certified MBE participation was unable to be obtained or was unable to be obtained at a reasonable price and if the agency head or designee determines that the public interest is served by a waiver. In making a determination under this section, the agency head or designee may consider engineering estimates, catalogue prices, general market availability, and availability of certified MBEs in the area in which the work is to be performed, other bids or offers and subcontract bids or offers substantiating significant variances between certified MBE and non-MBE cost of participation, and their impact on the overall cost of the contract to the State and any other relevant factor.
- C. An agency head may waive any of the provisions of Regulations .09-.10 for a sole source, expedited, or emergency procurement in which the public interest cannot reasonably accommodate use of those procedures.
- D. When a waiver is granted, except waivers under Section C, one copy of the waiver determination and the reasons for the determination shall be kept by the MBE Liaison Officer with another copy forwarded to the Office of Minority Affairs.
